Hoarseness, Sore Throat, Stomach or Chest, Croup,
Whooping Cough, Night Sweats, Horsemans, Consumption,
In its early stage, and all Diseases of the Throat and
Lungs.

This remedy is too well known and too highly re-
commended to require further notice. It is recom-
ended by a century to two hundred years, and is heartily re-
commended by all the Physicians, Surgeons, and
Dentists, and is used by all the Ministers of the
Gospel, and all the members of Congress,
and many of our most distinguished men in public
life.

Letter from HEN. D. W. KNOX, Member of Congress,
from Memphis, Tenn., dated

MILWAUKEE, July 9, 1866.

H. R. & K. KNIGHTS—Dear Sir,
I have used Dr. Knecht's Remedy in my family for
six years, and have found it an excellent remedy for
Croup, Whooping Cough, Sore Throat, and all
complaints, &c. I have recommended it to several
friends, who have received great benefit from its
use.

Space permits me to give but a few particulars of
the cures which are constantly coming in from all quarters
of the globe. Patients will find the most com-
plete and reliable information in the accompanying
trial of it, which will cost but a trifle, and which pre-
vents all delay in the use of the medicine.

Large bottles, 1½ oz.—medium a 25c. and small

Wis., and sold by all druggists.

DR. KNIGHT'S
ORIENTAL HAIR RESTORER

It is the only preparation in use which invariably
CHANGES GRAY AND FALLEN HAIR TO ITS ORIGINAL
COLOR. Its effect is permanent and ABSOLUTE.

It gives UNIFORM SATISFACTION, a singular
trial proving its superiority over all other articles
offered to the public in our similar line.

Columnar and circular illustrations of the hair but their
publication is not considered necessary. In the pre-
paration of the *Oriental Hair Restorer* the most care-
ful material is used, and its use is so arranged to make
an article which shall STAND THE TEST OF AL-
TIMES.

The verdict of the people is in its favor.

SILVERINE
An entirely new invention for instantaneously
SILVER PLATING
ARTICLES OF
Brass, Copper, German Silver, Bronze
&c. AND FOR
CLEANING and POLISHING SILVER & SILVERWARE

Although an entirely new invention, this article has already excited the surprise and admiration of many of the prominent scientific men of the day and is pronounced, by all who have seen its demomgical operation, one of the most valuable inventions of modern times.

It is a complete electro silver-plating battery in bottle, and is destined to work wonders in every household; as by its use all silver-plated ware whose plating is worn off, can be restored to

original beauty, and articles of brass, copper, tin, or base metal silver, etc., can be instantaneously plated with pure silver, at a cost so trifling that no family can be without it.

There are thousands of articles in daily use made of the baser metals, which, by an occasional use of the silvering, may be made highly ornamental as well as useful.

It is perhaps needless to say that the Silvering as its name implies, is a preparation of Pure silver, an essential NO MERCURY, acid, or other ingredients, and any brass in the slightest

Applied to *Silver-Plated Table Ware, Fruit Dishes, Trays, Caskets, State Rails, Mirrors, Tricorne Military Equipages, Door Knobs and Plates, Metal Windows and Sash Case Frames, &c.*, whose plating is worn off, it gives them all the beauty of new ware, which they will retain if the Silver-Plating is applied as often as such articles are ordinarily cleaned.

Applied to *Copper, Brass or Bronze articles*, will keep them beautifully silvered, with a constant trouble removed from them, clean-

It will also be found to be the best and most economical silver cleaner ever used, producing the brilliancy of unalloyed silver.

SNOW POWDER

Patented May 20, 1868.

This is an article for washing without rubbing.

except in very dirty places, which will require very slight rub, and unlike other preparations offered for a like purpose, WILL NOT ROT CLOTHS, but will leave them much WHITER than ordinary methods, without the usual wear and tear.

It removes grease spots as if by magic, and cleans the dirt by soaking, so that rinsing with ordinary soap entirely remove it.

This powder is prepared in accordance with chemical science, and upon a process peculiar to itself, which is secured by Letters Patent. It has been in use for more than a year, and has pro-

Also, for cleaning windows it is unsurpassed. With one quarter the time and labor usually required it imparts a beautiful gloss and lustre, superior to any other method. No water required to moisten the powder.

Directions with each package. And can be readily applied by a single person. The cost of washing for a family of five or six sons will not exceed THREE CENTS.

The manufacturers of this powder are aware many useless compounds have been introduced the public which have rotted the cloth, or failed removing the dirt, but knowing the intrinsic value of this article, they confidently proclaim as being adopted to meet a demand which long existed, and which has heretofore remained unsatisfied.
